Why Law Valve of Texas?

Industry Leading Quality. Our innovative testing capabilities means 100% tested and documented rebuilds.

Easy Document Access. Our secure Client Portal provides our customers with rebuild reports and test documentation at their fingertips.

Trusted & Tested Replacement Parts. We use ERL OEM replacements parts on our rebuilt kits.

Equipment Upgrade Options. Upgrade products with ERL components to increase performance and decrease downtime.

On Time Delivery. We average 95%+ for deliveries made on time.

Fast Response Team. We run two shifts so we can provide the fastest turnaround possible on emergency jobs.

Weekly Louisiana Run. We provide pick-up and delivery throughout Louisiana every week.

Swing Stock for Instant Turnaround. Our inventory includes rebuilt sight glass, high velocity PV valves, pressure relief valves, mechanical seals and vertical turbine pumps.

Reliable Customer Support. We provide failure analysis, Coast Guard approved testing, and mechanical engineering support 24/7. Our customers have given us a 92% approval rating for our customer service.
